#### **Sesriem**

As there is no accommodation at Sossusvlei, visitors to this desert wilderness are likely to end up staying at Sesriem, 65 kilometres away, where camps and lodges serve as a base from which to explore the dunes. Sesriem Canyon, a deep chasm carved through the rocks by water, is a striking natural feature of the area that is best explored on foot. Stony walls rise up sharply on both sides of the canyon, while birds roost in its crags and lizards dart along the ledges. The canyon's name was coined when early settlers used it as a water source, using six lengths of leather ('ses riem – six thongs) tied together to lower buckets into the water at the base of canyon.)

#### **Overnight: Sesriem Campsite**

At the entry to Sossusvlei is Sesriem Canyon, At the foot of the gorge, which plunges down to 30 to 40 m, are pools that become replenished after good rains. Located perfectly at the entry to Sossusvlei inside the park gate is Sesriem Camping, right beside the gate into the desert and just a short drive from Sesriem Canyon where centuries of erosion have incised a narrow gorge about 1 km in length. It is perfect for campers who want to experience the beauty of the Namib Desert with the sun setting over the Elim dune then the stars emerging until they fill the sky above you and the clicking of the desert barking Geckos and distant howl of the Jackal. Sit by the fire and imagine what you will.

After a good nights rest its up early (one hour before sunrise) for a drive to the Sossusvlei wherer you can climb a sand dune and watch the colours change as the sun rises over the horizon slipping its morning warmth over the Namib desert dunes. Sesriem derives its name from the time when earlier pioneers tied six lengths of rawhide thongs (riem) together to draw water from the pools. Accommodation at Sesriem is provided in 24 campsites. Facilities found there include a gas station, convenience store and a secure parking area.
